# Allen Parish Community Healthcare Hospital Community Connect Event

**October 26, 2022**

# The Center's Purpose

The [National Rural Health Resource Center \(The Center\)](#) is a nonprofit organization dedicated to sustaining and improving health care in rural communities. As the nation's leading technical assistance and knowledge center in rural health, The Center focuses on five core areas:

- Transition to value and Population Health
- Collaboration and Partnership
- Performance Improvement
- Health Information technology
- Workforce

# Diversity, Equity, Inclusion, & Anti-racism

## **Building a culture where difference is valued.**

The Center is committed to DEI and anti-racism. We create an environment that reflects the communities we live in and serve; a place where everyone feels accepted and empowered to be their full, authentic selves; and where everyone belongs.

We understand the impact of and seek to defeat racism and discrimination in ourselves, our workplace, and the world. This guides how we cultivate leaders, build our programs and resources, and deliver our technical assistance.

We are an organization that honors, celebrates, and respects all dimensions of diversity. These principles are central to our mission and to our impact.

# Walking Windshield Tour

Walking and windshield tours are designed to provide an in-depth look into a community's characteristics on foot or from a moving vehicle. The tours may be used to observe the conditions in the environments where people are born, live, learn, work, play, worship, and age, also known as social determinants of health.
